## Message

With a consistent upwards curve in the annual achievements of the students on national and international levels, Indira Gandhi Delhi Technical University for Women is pioneering in the field of technical education. IGDTUW has become a role model institution in technical and management fields by providing the students with world-class facilities, promoting active participation in the development of innovative ideas and encouraging them to explore diverse research areas.

Through the unrelenting efforts of the faculties and staff, the University has been able to provide the best educational opportunities to the students, allowing them to master various life skills and explore their potential. Given the chance of holistic development, the students are thriving and setting new milestones for the future to come.

I extend my regard to the dedication of the faculty and staff in providing the right environment for learning and research and extend my best wishes to the students in their future endeavours.

The vision of IGDTUW has been to foster an environment for excellence in professional education and ensure active participation of women in the field of Engineering, Science, Management and Technology while striking out a work-life balance. It instills a great sense of pride and honour in me to say that Indira Gandhi Delhi Technical University for Women has been thriving in the accomplishment of this vision.

The University's motto, "Aapo Deepo Bhava", reflects the ideals which guide us to find the light within ourselves and use it to illuminate the world around us. The students from IGDTUW are upholding this motto, bringing pride to the institution by realising their full potential and carving a niche for themselves in this competitive industry, making an impact wherever they go. This is made possible due to the University's commitment to provide quality education to the brilliant young minds of our country by offering a wide range of courses, along with encouraging the students to explore their abilities beyond the established curriculum with the help of the choice-based credit system. Apart from the academic curriculum, the University also strives to provide the students with an entrepreneurial boost with the help of the "Anveshan Foundation" business incubator

Companies like Google, Microsoft, Goldman Sachs and Adobe have been visiting the campus for the placement drives. In the 2021-22 batches, students have secured international and national offers, with the highest package being 1.2 CR offered by Amazon, Dublin;

On behalf of the University, I invite the students and recruiters to explore the various opportunities that we offer. I look forward to our pleasant, healthy, and fruitful association.

**Message from the Registrar**

Indira Gandhi Delhi Technical University for women is one of India's State University only for women that has evolved with time to be at par with the global educational world. Besides this, the university has become a place where thinkers become leaders, a place where the thirst for knowledge fuels our desire for distinction. A meticulous academic procedure of IGDTUW has equipped students with proficient and special skills to do extremely well in the field of engineering, business administration and applied sciences and technology. This is very much evident from the placement statistics of IGDTUW graduates.

At IGDTUW, an interdisciplinary approach is followed towards education - where we encourage our students to explore new ideas and provide them the suitable platforms with a chance to showcase their talent. Every IGDTUW student experiences a wonderful journey of transformation of a newbie into a confident, energetic, dynamic, fast learner and professionally equipped with technology. These women become valued members of the industry as well as organisations of high repute for graduate studies.

I congratulate our placement and training team for their persistent success. We are confident that these young women would be an asset to every organisation through their technical and managerial capabilities and their talent for innovation.

**Message from TPO (ICE)**

The grandeur of Indira Gandhi Delhi Technical University for Women ((IGDTUW)) is a testimony to the effort and skill exhibited by the women of our institution. They shine brightly in the corporate world and have made their mark in various fields where women have been historically underrepresented. I am honoured to be the Training and Placement Officer of this great institution and am grateful to our industry partners and research firms that have trusted us for years and granted their support, allowing IGDTUW to establish the desired benchmark. The graduates of IGDTUW have shown themselves to be highly skilled and versatile leaders, managers, team players and institution builders.

There has been an exponential rise in placement rates at IGDTUW and it is my hope that the same performance may continue year-on.

With this, I would like to welcome all Recruiters Talent Acquisition teams for campus drives 2022-23. We hope this recruitment season bears fruits for both the institute and your esteemed firms.

### Message from TPO (MAE)

On behalf of the Department of Mechanical and Automation Engineering, I cordially invite all interested organisations to Indira Gandhi Delhi Technical University for Women, where they will find skilled engineers with practical and hands-on experience. "In this age of technological innovation, IGDTUW" has carved a niche for itself and grown to become a synonym for high-quality technical education. Every year, we attract a number of bright minds and develop them into committed, motivated, and hardworking professionals. Our students have repeatedly demonstrated their abilities by consistently exceeding industry expectations. To bridge the gap between industry requirements and academics, the university has created a one-of-a-kind curriculum that enables students to excel in a variety of fields.

Aside from regular academics, students participate in a variety of national and international competitive projects, such as Shell Eco Marathon, SAE Supermileage Vehicle, Bajaj SAE India, Supra SAE, World Skill India, and AWIM (A World in Motion) by Maruti, to name a few, and have won prestigious awards and recognition. Our students received the Harvard WE Code Scholarship, the GHC Scholarship, and the Pratibha Scholarship. They were also qualified for prestigious programs like Publicis Sapient Jumpstart, Amazon AWS She Builds, and Microsoft Engage. Even during these difficult times, our students have been able to secure placement opportunities from leading companies such as ITC, TVS, ExxonMobil, Hero MotoCorp, Adobe and Goldman Sachs, thanks to excellent practical training and a dedicated Training and Placement cell. I am certain that these young women would benefit any organisation. As a result, I cordially invite recruiters to participate in this placement season and look forward to a mutually beneficial relationship.

Dr. Nathi Ram Chauhan  
Professor & TPO (MAE)

## PLACEMENT HIGHLIGHTS 2021-22

The Placement season for the batch 2021-2022 started on a high note, and more than **135** companies visited the campus with a total number of offers for IGDTUW girls of circuit branches, i.e., CSE, IT, and ECE as **458**, including full-time employment (FTE) offers and dual offers (FTE and six-month internship). Thus about 322 offers were received by students in the year 2021-22 during the On-Campus drive.

The Highest Package rolled out was **55 Lakh CTC by Adobe** which was a **National Offer**, whereas the highest **International Offer package** rolled out was **1.2 Crores CTC by Amazon Dublin**. The highest **(2-month) Internship Package** rolled out was **1.6 LPM by Uber**.

It is a matter of tremendous pride to share that there has been a rise from 224 FTE offers in 2016-17 to 391 FTE offers in 2020-21 and from 31 offers in 2016-17 to 322 INTERN offers in 2020-21.

As a result, more than 300 students received Paid summer internships at the beginning of the third year in the B.Tech Program, and more than 70 students in their final year B.Tech/M. Tech Program pursued six months paid internship.

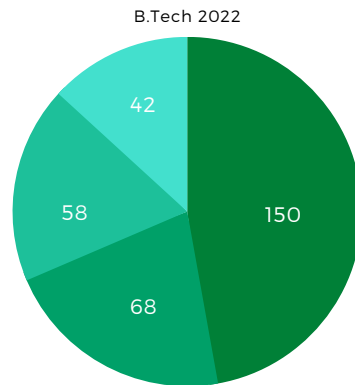

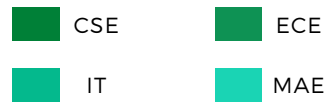

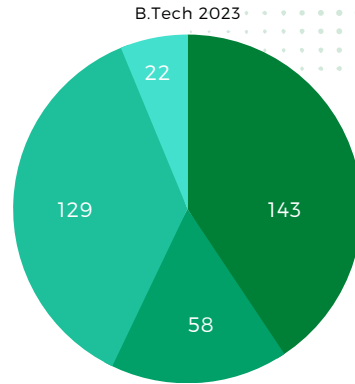

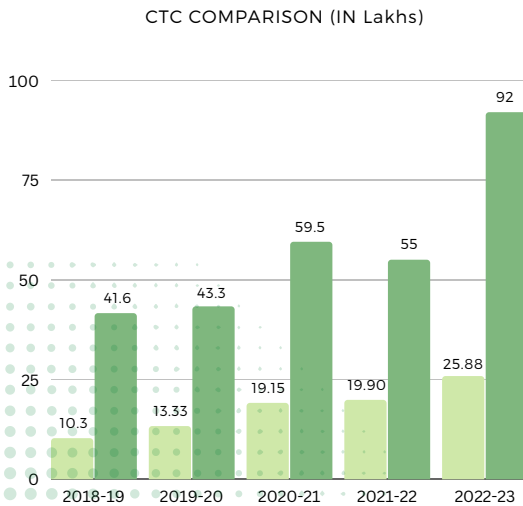

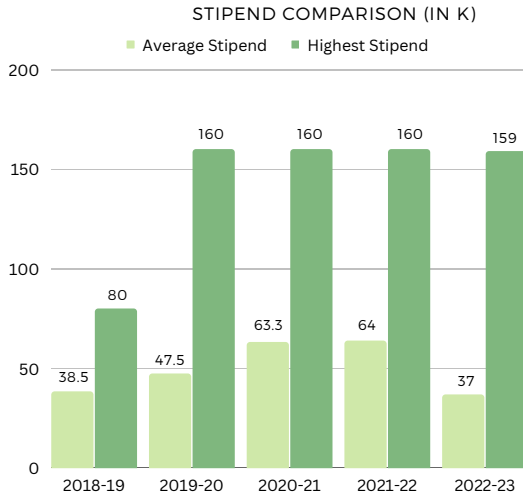

The University is extremely proud to partner with some of the leading names who have extended full-time offers for their business in India, such as Google, C2FO, Goldman Sachs, Intuit, Uber, Microsoft, Atlassian, Myntra, Urban Company, Service Now, Adobe, Amazon, Rippling, Zynga, Citrix, Semut, Swiggy, Expedia, Morgan Stanley and many more. International offers have been raised by various companies, viz. Amazon-Dublin, Barclays- UK, Facebook-META London, Protex AI, Ireland, and JPMC London.

There has been exponential growth in the placement opportunities bagged by IGDTUW students, and the current placement statistics stand true to this testament. We hope this trend continues in the coming academic year 2022-2023 and that companies continue to reiterate the ever-increasing confidence the industry places upon IGDTUW.

## GLIMPSES OF ONGOING PLACEMENT SEASON 2022-23

(AS ON 10 OCTOBER 2022)

100 top and well-reputed companies like Google, Microsoft, Palo Alto, MotorQ, Uber, Urban Company, Atlassian, Expedia, ServiceNow, Intuit, Arcesium, Flipkart, and many more have offered pre-placements, full-time, six months internships, summer internships and dual offers to the students of batch 2022-23. Till the end of October 2022, a total of 620 offers have already been received.

The University is thrilled with accepting about 207 pre-placement offers, i.e. the returning offers from top Tech companies like Google, Microsoft, Goldman Sachs, Adobe, American Express, Amazon, Uber, Intuit, Atlassian, and many others.

It is for the very first time, i.e., an enormous number of students were placed before the commencement of the placement drive. 156 full-time offers and 27 six months internship (including dual offers) offers have been grabbed by the students. These students (who will graduate in 2023) were felicitated during celebrations of Azadi ka Amrit Mahotsav on 13th August 2022 by the Honorable Lieutenant Governor of Delhi, Shri Vinai Kumar Saxena. The University is expecting more prominent offers like these in the coming years.

1. About 35 students have already secured offers of 51 lakh per annum from Microsoft after their internship. Apart from the above, 2 on-campus full-time offers, 59 students were offered summer internships at Microsoft.
2. Google has offered a CTC of 30.36 lakh to 11 students, extended summer internship offers to 12 students and 3 winter internships as well.
3. 2 students have been given the golden opportunity to work in Uber with a CTC of 38 lakh, and 4 students have been offered summer internship offers.
4. 6 students have been extended full-time offers from Goldman Sachs with a CTC of 24 lakh, and 12 students were offered 2-month internships.
5. Amazon visited the campus offering diverse job roles to 7 of our final-year students with a CTC of 22.16 lakh, and gave 10 students internship offers.
6. Intuit has offered a CTC of 32.8 lakh to 6 students from the final year and summer internship offers to 6 pre-final year students.
7. GE Digital also has provided FTE to two students with a CTC of 17.37 lakh.
8. 2 students have been offered to work under Citrix with a package of 23.74 lakh as FTE, and 8 students bagged internship opportunities at Citrix.
9. Service now has extended full-time offers to 2 students with 33.59 lakhs, along with side offering summer internships to 6 of our pre-final year students.
10. World's top management consulting firm Bain and Company extended full-time offers to one of our final year students.
11. ZS Associates visited the campus twice with diverse tech and non-tech roles. It extended full-time offers to 7 of our final-year students.
12. Mc Kinsey extended full-time offers to 8 of our final-year students for diverse job roles.
13. Atlassian offered the full-time role to 4 final-year students with a CTC of 82 Lakhs and summer internship offers to 5 pre-final year students.

## TRAINING AND PLACEMENT

## ONGOING PLACEMENT HIGHLIGHTS OF THE DEPARTMENT OF MECHANICAL AND AUTOMATION ENGINEERING 2022-23

The placement season for the graduating class of 2023 began in earnest in July 2022. Currently, **57 B.Tech (MAE) final-year students have full time offers** from reputed firms. Proud to mention, 21 students have bagged 6-month internship offers from tech giants like Amazon, Flipkart, American Express, etc. This year has seen a notable increase in the number of new companies compared to prior years. **The highest CTC 50 LPA was offered by Adobe and the average CTC was 14.35 LPA for the graduating batch of 2023.**

The MAE Training and Placement Cell keeps organizing industry engagement activities and contests on a regular basis to help students keep current with industry trends and learn critical technical skills needed to become effective engineers in their disciplines. With continued visits from firms that are still in the recruiting process, we anticipate that 100% of students will be placed by the conclusion of the placement session.

It is a matter of tremendous pride to share that in comparison to that last year 2021-22, there has been a **rise in average CTC from Rs. 8.73 Lakhs per annum to Rs. 14.35 Lakhs per annum.** There has also been a rise from 38 FTE offers in 2021-22 to 57 FTE offers in 2022- 23. In addition to that, **21 final year students were selected for the 6-month internship at some top-notch companies.**

The MAE Training and Placement Cell helps the students by regularly organizing industry interaction activities and competitions to stay abreast of current industrial trends and gain key technical skills to become proficient engineers in their fields.

Leading in every domain, Mechanical girls have once again proved their excellence, bagged opportunities and giving notable results. One final year student was part of the Cisco women in cyber security boost campaign 2.0. **Team Yantriki** participated in Aravali Terrain Vehicle Championship virtual season 2 and were **AIR 1 overall winner, AIR 1 in CAE, Cost Report, DFMEA Report. 3 students were selected for Pratibha - The Eaton Excellence Award in the year 2022.15 pre-final year students were selected as a mentee in the Microsoft engage program** throughout the country, while one pre-final year student was selected for the **Harvard WeCode Scholarship.** One student was among the top finalists of the **Amex Makeathon** and received an **intern offer at American Express.** Students participated in 'Scholarship' and hackathons like **GHC Scholar** for the year 2022, **Smart India Hackathon, millennium fellowship program.**

## TRAINING AND PLACEMENT

# ONGOING PLACEMENT HIGHLIGHTS OF THE DEPARTMENT OF MECHANICAL AND AUTOMATION ENGINEERING 2022-23

Our pre-final year students went on to getting selected for summer internships at organizations like **DRDO**, **National Spark Internship by IIT Roorkee**. 5 students were provided the opportunity to intern at **Siemens** in the month of June-July 2022. Adding to this, another mechanical student was selected as **LIFT scholar** and **Google ML Bootcampscholar**.

Not only nationwide, one of the IGDТУW girls bagged the **international internship offer at Research internship at MIR lab (USA)**. Two students were selected in **Jumpstart**, **Publicis Sapient 2022**, further qualifying for Round 2 in prestigious **Flipkart Grid 4.0**. One Pre-final year student was selected as a mentee in the **AWS She Builds Mentee for Asia Pacific and Japan region**.

Even two second year students bagged the prestigious **Shraman Foundation Scholarship 2022**.

Adobe, Alstom, Becton Dickinson, American Express, Citibank, ExxonMobil, Fractal Analytics, Goldman Sachs, Hero Motocorp, ITC Ltd, Jubilant Foodworks, Palo Alto, Networks, PhonePe, Schneider Electric, TCS, Technip Energies, Technip FMC, Wells Fargo, Zomato, PWC, TVS and many more prestigious companies visit us every year and offers the best opportunities to our students.

The Training and Placement also organizes training sessions on popular software and technologies. The Training and Placement team of Mechanical and Automation engineering have mobilized more than 20 companies visiting us for both **FTE and 6 months internship program**. **The companies that have visited are Bajaj, ExxonMobil, Volvo, BD, Deloitte, ZS, Baxter, Schneider Electric, MG motors, Chegg, TVS, Tata Electronics, Mc Dermott, ITC, ITC Supply Chain, Amazon, Wabtec, Myntra, Anand, Philips, GE, and many more**
